

About Us

For the infusion of technology with quality products are the way forwards to enable our clients in getting the best they can have. Of course, this bond is strengthened with the array of products we have for commercial purposes.

As a blacksmith uses heat to temper steel, so does the fire of achieve success strengthen our mettle. You will get the best of the industry products with long-lasting quality at a competitive price. Our MakeInIndia mission began way back in 1969 at Vatva, initiated by Mr. Omprakash Agarwal, and continues today under the leadership of Mr. Vikas Agarwal. Our zealous mission to showcase Indian products as the best in quality and endurance was the mainstay motive for starting Manish Corporation.

Initially, we focused on a few products, but over time, we have expanded our offerings to include a wide range of metal products that cater to all your industrial and commercial requirements. Our commitment to excellence and customer satisfaction has been the driving force behind our growth and success

Mr. Omprakash Agarwal has been involved in the trading and supply of mill store products and general hardware items since 1969. Later, his son, Mr. Vikas Agarwal, joined the business, bringing fresh energy and vision. Leveraging their family's expertise, they have also operated rolling mills for producing various products such as angles, channels, flats, rounds, squares, and strips, along with the cold rolling of E.R.W. pipes.

The company primarily focuses on consumables, machinery, stores, and spares to support industries and help them grow by becoming their reliable partner in supplying high-quality products. These products are efficiently manufactured to enhance productivity, minimize breakdowns, and ensure the best effective use of consumables, thereby reducing production costs. Our practical knowledge and expertise in the industry provide invaluable insights needed to maintain and drive growth.

Manish Corporation caters to the diverse needs of various industries, including steel re-rolling mills of all sizes for structure, TMT, strip, E.R.W. pipe plants, induction furnaces, concast, continuous machines, and cement, sugar, and paper mill machinery. Additionally, we supply their essential consumables. These are the mainstay items for Manish Corporation.

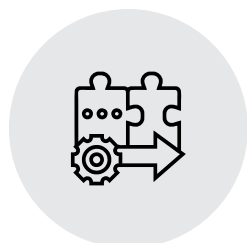

Mission

Our mission at Manish Corporation is to provide unparalleled products and services in the Refractory, Engineering, Hardware, Agricultural, and Heavy Machinery sectors. We aim to achieve excellence through continuous improvement, leveraging advanced technologies and industry best practices. Our dedicated team strives to exceed customer expectations by delivering high-quality products and comprehensive service solutions, fostering a culture of trust and reliability.

Vision

Our vision is to be a global leader in our industry, recognized for our innovative approach, superior product quality, and exceptional customer service. We aspire to create sustainable growth by expanding our market presence and enhancing our product portfolio, while maintaining our commitment to environmental stewardship and social responsibility. Through our efforts, we seek to contribute to the industrial progress and economic development of the communities we serve.

Our Team

Mr. Omprakash Agarwal
(Founder & Chairman)

Mr. Omprakash Agarwal has been trading and supplying mill store products and general hardware items since 1969, showcasing extensive experience and dedication in the industry for over five decades.

Mr. Vikas Agarwal
(Director)

Mr. Vikas Agarwal brought fresh energy and vision to the family business, leveraging their expertise to operate rolling mills producing angles, channels, flats, rounds, squares, strips, and cold rolling E.R.W. pipes.

Manish Patel
(Executive Director)

Since 1998, Manish Patel has driven Manish Corporation's growth, ensuring seamless import, packaging, handling, and dispatch operations, and upholding the company's global reputation for quality and reliability.

“We are the one stop solution of industry”

you are in search for the refractory bricks for various uses, then it is

If you are in search for the refractory bricks for various uses, then it is the best option to go for magnesite bricks. Such bricks are used for some industries such as iron cast industry or even small house industries. But it is very much important to select the best quality bricks, and in this case, one option is to get products from magnesite bricks manufacturers such as us, Imperial World Trade.

Our Products

01.

**Rolling Mill Mechanical Machinery,
Spares & Consumables**

02.

Re-heating Furnace & Spares

03.

Induction Furnace

04.

**Continuous Casting Machines
& Spares**

05.

**Electricals / E.o.t. Cranes
& Spares**

06.

**Spares & Consumables For
Earthmovers & Movable Cranes**

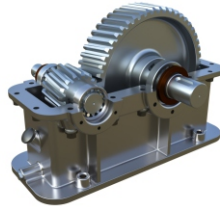

01. Rolling Mill Mechanical Machinery, Spares & Consumables

At Manish Corporation, we understand the critical role that rolling mill mechanical machinery and its associated spares and consumables play in ensuring seamless industrial operations. Our comprehensive range of products is designed to meet the diverse needs of the rolling mill industry, enhancing productivity and minimizing downtime.

Rolling Mill Mechanical Machinery, Spares & Consumables

**Stands (C.i. Casting /
Steel Fabricated) All Sizes**

**Reduction Gear Boxes /
Gears**

Pinion Gear Boxes / Gears

Cardan Shafts

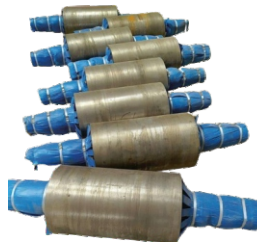

Universal Coupling

Universal Spindles

Gear Couplings

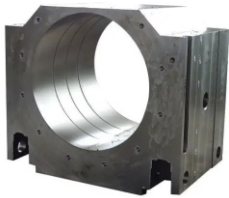

Rolls
(aramide / Chill Rolls / S.g. Iron / En-series)

Roller Bearings

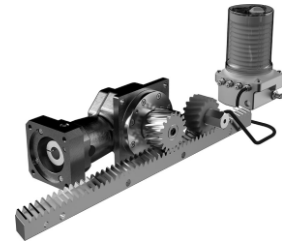

Rolling Mill Mechanical Machinery, Spares & Consumables

Bearing Chocks

**Guide Boxes & Its Spares
Reels / Pin & Bushes**

**Lubricating Systems For
Pinion & Reduction**

Crop & Cobble Shear

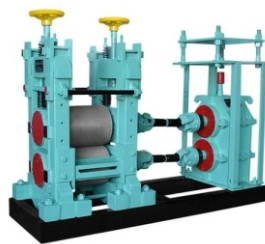

Flying Shears

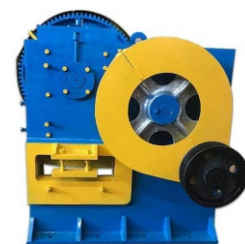

Rotatry Shears

Twist Pipes

Pinch Rolls (A.C. / D.C.)

Cold Shear

Rolling Mill Mechanical Machinery, Spares & Consumables

V-belts (Fenner / Hilton)

Conveyer Pulleys

Chain - Sprocket Pulleys

**Blades For All Types Of
Shearing Machines**

**Black & White (AP-3)
Grease**

Fiber Bearings & Keys

Mobil Oil (320 & 407) "ISI"

Welding Rods
(8mm / 10mm / 12mm / Hard Facing /
S.S./C.I. / Machinable / Non-machinable)

Brazing Rods
(Copper / Silver)

Rolling Mill Mechanical Machinery, Spares & Consumables

Brazing Powder

Carbide Tools & Tips
(widia / l.t.i. / Miranda)

**D Spanners ,
Ring Spanners , Side Tools**

Water Softner & Spares

Pipe Fittings
(ball Valves / Butter Fly Valves , Re-flex
Valves / Gate Valves ,multi Port Valves)

Water Pumps
(single Stage / Dual Stage / Multi Stage)

Quenching Box
(double / Four Line Ss Valves &
Accessories)

Twin Channels & Its Spares

**Rolls For Straightening
Machines**

02. Re-heating Furnace & Spares

At Manish Corporation, we understand the pivotal role re-heating furnaces play in the steel manufacturing and metalworking industries. Our commitment is to provide exceptional solutions that enhance the efficiency and reliability of your re-heating furnaces.

Re-heating Furnace & Spares

Fire Clay

Fire Super - Crete

Castables 70 % & 90 %

Akko Set 50

Fire Bricks
(Standard / End Taper / Side Taper)

Hanger Blocks

Shoulder Blocks

High Alumina Bricks

Floor Bricks
(50 % / Magnetite)

Re-heating Furnace & Spares

Air Blower

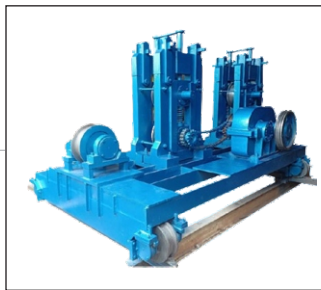

Oil Burners

Pusher
(Screw / Side Rods /
Reduction Gear Box / Bush)

Doors / Windows

Ejector And Its Accessories

Insulating Bricks

Oil Pumping Unit

Chimney

Burners Oil Based

03. Induction Furnace

Induction furnaces are crucial components in modern foundries and metalworking industries. They operate on the principle of electromagnetic induction to generate heat for melting metals. These furnaces offer several advantages, including high efficiency, precise control over temperature, and the ability to melt a wide range of metals with minimal contamination.

Induction Furnace

Quartz Ramming Mass
(For Silica Lining)

Ramming Mass
(Neutral Lining)DTF(Germany)

Boric Acid

S.S. Tie Rods for Crucibles

S.S. Nut, Bolt & Washer
(Spring Washers)

Brass Nut, Bolt & Washers

Water Cooling Cables

Temperature Tips

Coil Turns
(Top & Bottom)

Induction Furnace

M.S. Seamless Pipes
(All Sizes)

Yoke Insulation

Shunt Assembly
(Power / Non Power)

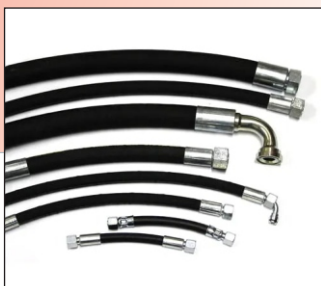

Crucible with Top & Bottom Coils

Hydraulic Cylinders & Spares

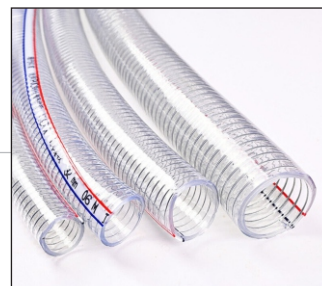

Flexocote
(Base / Hardner)

Hydraulic Hose Pipe
(S.S. Wire Braided /etc)

Carbon Free Hose Pipe
(All Sizes)

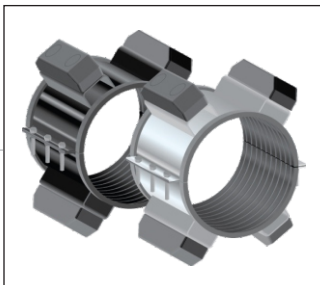

Nylon Braided Hose Pipes

Induction Furnace

**Asbestos Breaoded
Hose Pipes**

Spacer

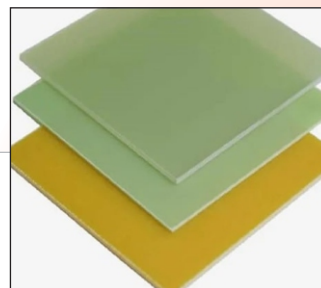

Sinthaniya Guktha

Fiber Glass Tape

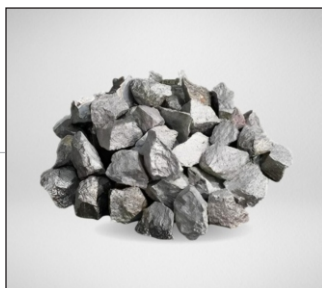

Round MICA Sheet

FRP Sheet / Pipe

Hose Clamp

Silico Manganese

Ferro Silicon

04. Continuous Casting Machines & Spares

Continuous casting machines are vital in modern steel production, allowing for the efficient and continuous production of metal slabs, billets, and blooms. This process involves the solidification of molten metal into a semi-finished form, which can then be further processed into final products. The machinery and spares involved in continuous casting are designed to ensure seamless operations, high-quality output, and reduced waste.

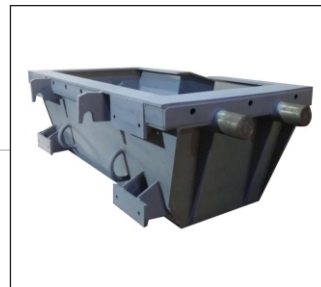

Continuous Casting Machines & Spares

Radex

NFC

Tundish Vessel

Gar Pack

Mortar 90K & 70K

Castable 70 %

Castable 90%

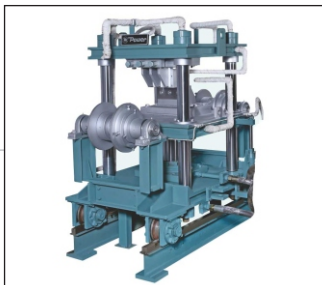

Calcium Silicate

Limit Switcher

06. Spares & Consumables For Earthmovers & Movable Cranes

Spares and consumables for earthmovers and movable cranes are essential for maintaining the efficiency and longevity of heavy machinery used in construction, mining, and material handling. These components ensure that machinery operates smoothly, minimizing downtime and enhancing productivity.

Spares & Consumables For Earthmovers & Movable Cranes

WATER PUMP ASSY

Our Sevices

1. Turnkey Project Solutions

Manish Corporation offers comprehensive Turnkey Project Solutions, designed to deliver all required products for specific projects with a single quotation. This service ensures a seamless and efficient process, providing clients with timely, one-time deliveries of high-quality mechanical machinery, spares, consumables, and more. Our team handles everything from initial quotation to final delivery, ensuring that all project requirements are met with precision and excellence. This streamlined approach allows clients to focus on their core operations while we manage the supply chain logistics, ensuring a hassle-free experience.

Manish Corporation caters to the diverse needs of various industries, including steel re-rolling mills of all sizes for structure, TMT, strip, E.R.W. pipe plants, induction furnaces, concast, continuous machines, and cement, sugar, and paper mill machinery. Additionally, we supply their essential consumables. These are the mainstay items for Manish Corporation.

2. Maintenance and Repair

Our Sustained Support Services are designed to meet the ongoing needs of our clients, offering periodic product delivery and maintenance according to client requirements. This service includes:

- Manpower contracts
- Regular delivery of consumables and machinery parts
- Comprehensive maintenance support at fixed intervals (e.g., every six months or annually)

We ensure your operations run smoothly with minimal downtime by providing expert maintenance and timely supply of materials. This enhances productivity and extends the lifespan of your equipment.

Trust Manish Corporation to be your reliable partner in sustaining the efficiency and performance of your industrial operations.

Our Services

3. On-Site Solution of any Breakdown

At Manish Corporation, we understand that unexpected breakdowns can cause significant disruptions to your operations. Our On-Site Solution service is designed to provide immediate assistance for any breakdown, minimizing downtime and restoring functionality as quickly as possible. Our team of skilled technicians is available around the clock to diagnose and fix issues on-site, ensuring that your equipment is back up and running with minimal delay. We use advanced diagnostic tools and carry a comprehensive range of spare parts to handle a variety of problems efficiently. Trust Manish Corporation to deliver prompt, reliable, and expert solutions whenever and wherever you need them.

4. Designing Consultation and Development

Manish Corporation offers expert Designing Consultation and Development services to help you optimize your operations and achieve your project goals. Our team of experienced engineers and designers works closely with you to understand your specific requirements and develop customized solutions that enhance efficiency, productivity, and innovation. We leverage the latest technologies and industry best practices to design systems and components that meet the highest standards of quality and performance. Whether you need assistance with conceptual design, detailed engineering, or the development of new products and processes, Manish Corporation provides comprehensive support from initial consultation through to final implementation, ensuring that your projects are completed successfully and to your satisfaction.

Why Manish Corporation?

Comprehensive Product Range

With over five decades of experience in trading and supplying industrial products, Manish Corporation stands as a testament to enduring quality and reliability in every product we offer.

Comprehensive Product Range

From mill store essentials to specialized machinery and consumables, we cater to a wide spectrum of industrial needs, ensuring robust solutions that enhance productivity and efficiency.

Customization and Error Check

We offer customized solutions tailored to specific client needs, coupled with stringent error-checking processes to ensure flawless execution and optimal performance.

Commitment to Quality

Our products are crafted to meet the highest standards of durability and performance, backed by rigorous quality control measures at every stage of production.

Customer-Centric Approach

At Manish Corporation, customer satisfaction is paramount. We prioritize understanding and fulfilling the unique requirements of each client, forging long-term partnerships based on trust and mutual success.

Manpower Expertise

Our dedicated team of skilled professionals leverages extensive industry knowledge to deliver tailored solutions that consistently exceed client expectations, driven by a commitment to excellence.

Delivery on Time

We understand the importance of deadlines. At Manish Corporation, we prioritize efficient logistics and operational excellence to ensure timely delivery of products, meeting our clients' project timelines consistently.
